SUMMARY

Computer Science student at BRAC University (Graduating January 2026) and self-employed Full-Stack Developer with hands-on experience in React, Next.js, TypeScript, and MongoDB. Focused on scalable software architecture, maintainable codebases, and clean, reusable component design. Adept at delivering reliable systems aligned with business and technical goals.

SKILLS

- **Frontend:** JavaScript, React.js, Next.js, TypeScript, Redux, RTK, Tailwind CSS, Framer Motion
- **Backend:** Node.js, MongoDB, Firebase, JWT, RestAPIs, GraphQL
- **DevOps / Tools:** Git, GitHub Actions, Vercel, Postman
- **Soft Skills:** Problem Solving, Collaboration, Detail Orientation, Time Management

PROJECTS

Blog Platform (*Social Web App*):

(October 2025)

- Developed a Next.js-based blogging system with authentication, post creation, and voting features.
- Implemented real-time updates using server actions and dynamic routing for seamless navigation.
- Focused on performance, clean architecture, and an accessible UI using Tailwind CSS.

Library Management System (*Web Application*):

(March 2025)

- Built a full-stack library platform supporting user roles, authentication, and borrowing/return logic.
- Designed admin dashboards for book management and user analytics using Next.js and MongoDB.
- Improved database efficiency and data integrity through structured schema design.

EXPERIENCE

Self-Employed Full-Stack Developer, Local Clients, Dhaka (Full Time, Remote, Jan 2025 – Present)

- Delivered 3+ web applications using Next.js, MongoDB, and Tailwind Css for small-scale needs.
- Enhanced online presence and supported individual operational requirements for clients.
- Ensured code quality with Git and agile methodologies for seamless updates.

Sole Frontend Developer, UTES

(Part-time, Remote, Oct 2024 – Dec 2024)

- Sole frontend developer at UTES; built Next.js websites for agency and Protein Corner e-commerce.
- Worked with founders to deliver responsive, high-performance UIs under tight deadlines using Git.
- Defined requirements and managed full frontend lifecycle, boosting UX before Dec 2024 pivot.

EDUCATION

Bachelor of Science in Computer Science

Brac University, Dhaka, Bangladesh | 2022 - 2026

GPA: 3.32
